STEERING COUNCIL
Minutes 1/31/93

©1992

1. BOYCOTT COMMITTEE: Basically, the Boycott committee Recommends a hardline position--total boycott, with emphasis as follows: a) Meetings, b) business relocations c) Tourism and, finally, d) Entertainers

   Committee rejects being a clearing house for who and who should not come to Colorado. The most powerful statement is not come and to make a point of it.

   Products boycott a different story--who and how to boycott. Selective boycott of products best, not all--not friendlies.

   When we ask someone to boycott and thy do not, we will not villify them but, rather, will work to get as much from them in proactive statements, etc. as possible.

   QUESTION--Is Celestial Teas Proactive???????

   There is a need to keep pressure up.

   Purpose of Boycott--Education, statewide and national--must never be blackmail

   Final recommended Boycott statement at next meeting. Should mail to membership with membership notice telling them we will hear their input at town meeting.

2. Fundraising will report on all areas of income, ie Compadres, the Choir, etc, plus on other fundraising activities at next meeting.

3. KGAY a sure thing beginning March 6. First time= General Ground Zero hype and info. Cost $540.

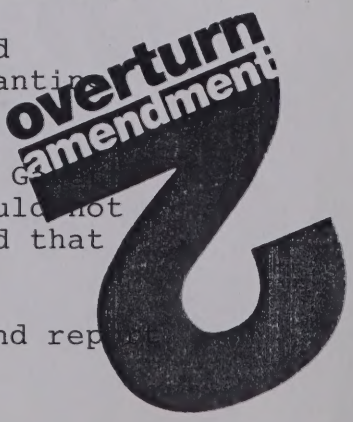

4. Note: Need to get reservations. Heather reported $197 round trip information.

5. State March in September to be from within state with cities around country also observing consecutive march, thus observing Boycott--more after Alysia returns from meeting.

6. Heather reported on March on Gazette--Good and good enthusiasm--only minor problems--trouble with press wanting to set times.

7. Discussion ensued over Robin Miller's meeting with G[illegible] and whether we would participate. Left that we would not participate fully but would be a presence with word that we will seek a meeting in Future.

8. Robin Lee to attend meeting with Pueblo After 2. and rep[illegible] back.
